'CAREER EXPERIENCE' OPPORTUNITIES

Dear Island School Alumni & Parents,

A greater focus on Higher Education preparation & planning is in place at Island school this year resulting in the appointment of a full-time Higher Education Counsellor.

It is increasingly becoming apparent that the opportunity to gain some form of career exposure is of vital importance to students in both understanding the 'reality' of the career area they are interested in as well as helping to strengthen their university application (particularly in the US & UK).

As it is often very difficult for students to find these opportunities, the Higher Education Team would appreciate your help in securing 'career experience'.

This 'career experience' would not be paid, and the duration can be flexible, according to your time availability. It is envisaged that it would occur during holiday periods. Students would be encouraged to send you a resume to 'apply', so you would not be obliged to take a student.

The Higher Education Team would ensure that all students 'applying' had a demonstrated interest in the particular career area. The students would be from Y11, 12 or 13.

Could you please fax or email (details below) your contact details if you are interested in helping current Island school students. Your details will be kept confidential and will only be given to students if they are considered suitable.

Your help is very much appreciated.

Best regards,

THE HIGHER EDUCATION TEAM
